Funding and Tenders Portal: Partner search

Funding and Tenders Portal

- ✓ In the official Call documentation
- ✓ You can see the institution profile, their collaborations....
- ✓ You can publish your own expression of interest

The screenshot displays the 'EU Funding & Tenders Portal' interface. The top navigation bar includes 'Home', 'Funding', 'Procurement', 'Projects & results', 'News & events', 'Work as an expert', and 'Guidance & documents'. A search bar is located on the right. The 'Funding' menu is expanded, showing options like 'Calls for proposals', 'Partner search', 'Participant register', 'EU programmes', 'Funding updates', and 'Horizon4Ukraine'. The 'Partner search' option is selected. Below the navigation, there are filters for 'Topic' and 'Country/Territory'. The search results section shows two organizations:

- MAGICA NONPROFIT KFT**: Non-governmental organization, BUDAPEST | Hungary. Projects: 4 | Partner search announcements: 8.
- INSTITUTI PER ZHVILLIM PROFESIONAL SHPK**: Private for profit organisation, PRISHTINE | Kosovo *.

RADIANCE Project: Partner search

RADIANCE matchmaking platform

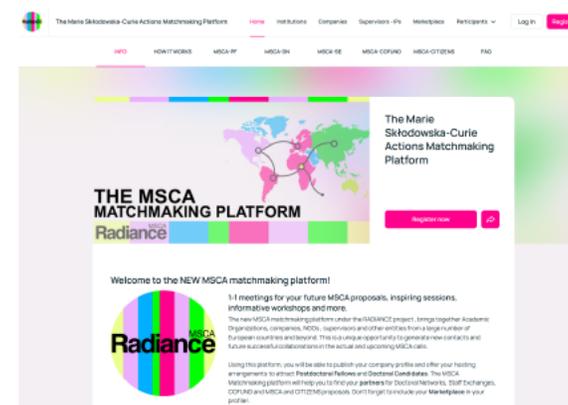

<https://www.b2match.com/e/radiance-msca>

- The **NEW MSCA matchmaking platform** brings together companies, supervisors, Academic Institutions and any other entity from a large number of European countries and beyond.
- This is a unique opportunity to **generate new contacts and future successful projects** in the upcoming MSCA calls 2025, 2026 and 2027
- Using this platform, you will be able to publish your **supervisor profile** looking for fellows, your company profile and **offer your hosting arrangements, placements** to attract talent or participate in Doctoral Networks, Staff Exchanges, COFUND and NIGHT Proposals.

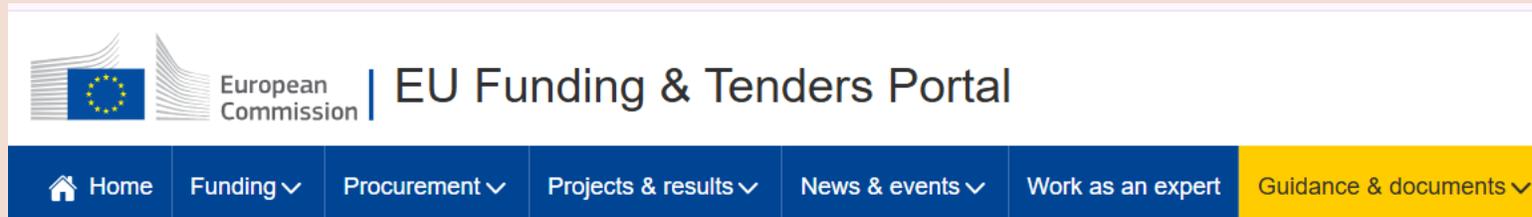

If you are an **Academic Institution**, you can advert your expertise, your needs and your project ideas.

Build your new consortium for your new MSCA project!

The Platform includes MSCA NCPs, MCAA and Euraxess Worldwide Members.

A good consortium ...

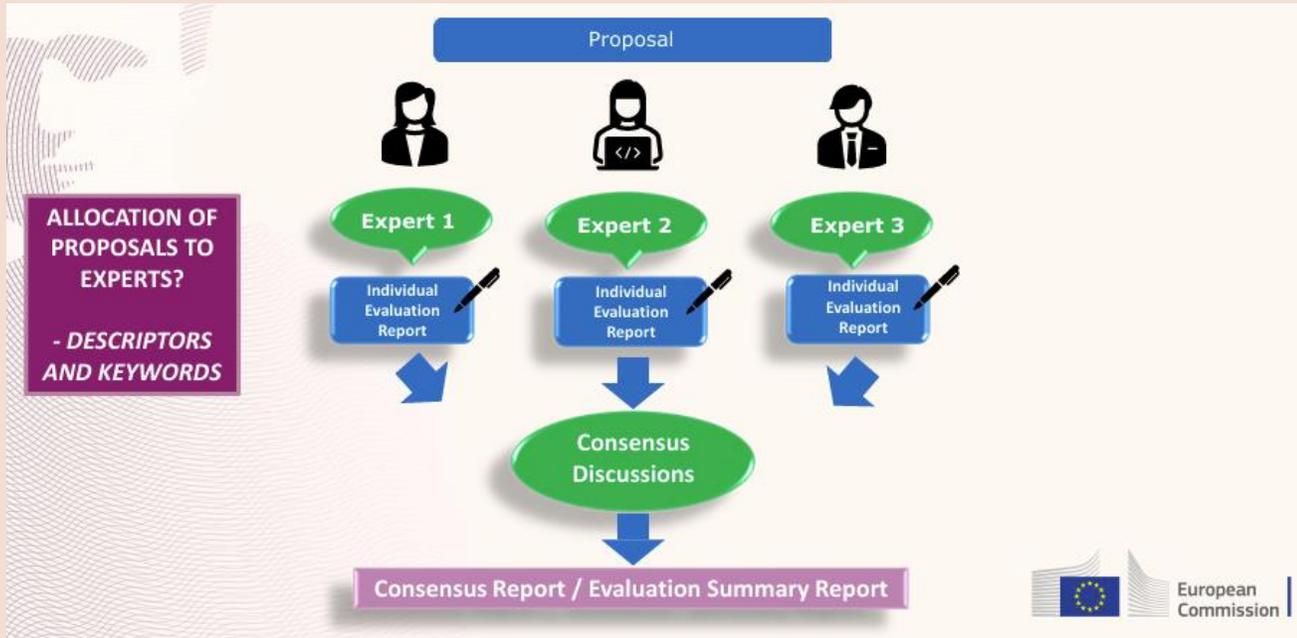

- ✓ Has to be built according to the project objectives
- ✓ Has to be well-balanced, gender balanced and with a credible team that shares the same vision, with a core of people capable of leading the project (solid project management is very relevant)
- ✓ Needs to cover all the players in the research innovation chain; don't hesitate to include consumer/user associations
- ✓ Take into account the expertise of all members and their sectors (complementarity and synergy between members)
- ✓ Check their resources and infrastructures
- ✓ Take account of language barriers and cultural differences
- ✓ Choose partners with whom you have already worked (to form a responsive and dynamic core group), commitment and trust are essential
- ✓ Think about intellectual property from the outset (consortium agreement compulsory)

How are the proposals evaluated and structured?

How are projects evaluated? (I)

How are projects evaluated? (II)

IMPORTANT NOTICE

Scoring:

Scoring must be in the range from 0-5. Half-marks may be given.

- 0 — The proposal fails to address the criterion or cannot be assessed due to missing or incomplete information.
- 1 — Poor. The criterion is inadequately addressed, or there are serious inherent weaknesses.
- 2 — Fair. The proposal broadly addresses the criterion, but there are significant weaknesses.
- 3 — Good. The proposal addresses the criterion well, but a number of shortcomings are present.
- 4 — Very Good. The proposal addresses the criterion very well, but a small number of shortcomings are present.
- 5 — Excellent. The proposal successfully addresses all relevant aspects of the criterion. Any shortcomings are minor.

Thresholds & weighting:

The threshold for the individual criteria is 3. The overall threshold, applying to the sum of the 3 individual scores, is 10 points.

Weighting is only for the ranking (not to determine if the proposal passed the thresholds).

⚠ Specific calls or topics may have different rules regarding thresholds and weighting.

Specific cases:

Two-stage calls

For stage 1 proposals, only the criteria Excellence and Impact will be evaluated and within those criteria only the aspects indicated in bold in General Annex of the Main Work Programme. The threshold for each of the two individual criteria is 4.

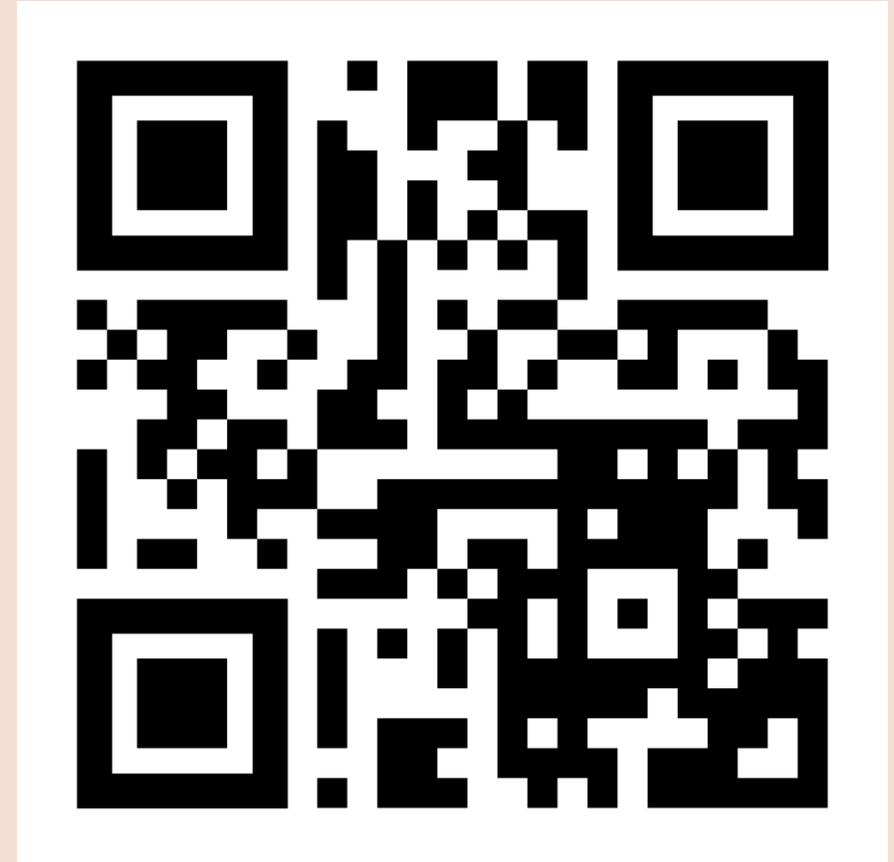

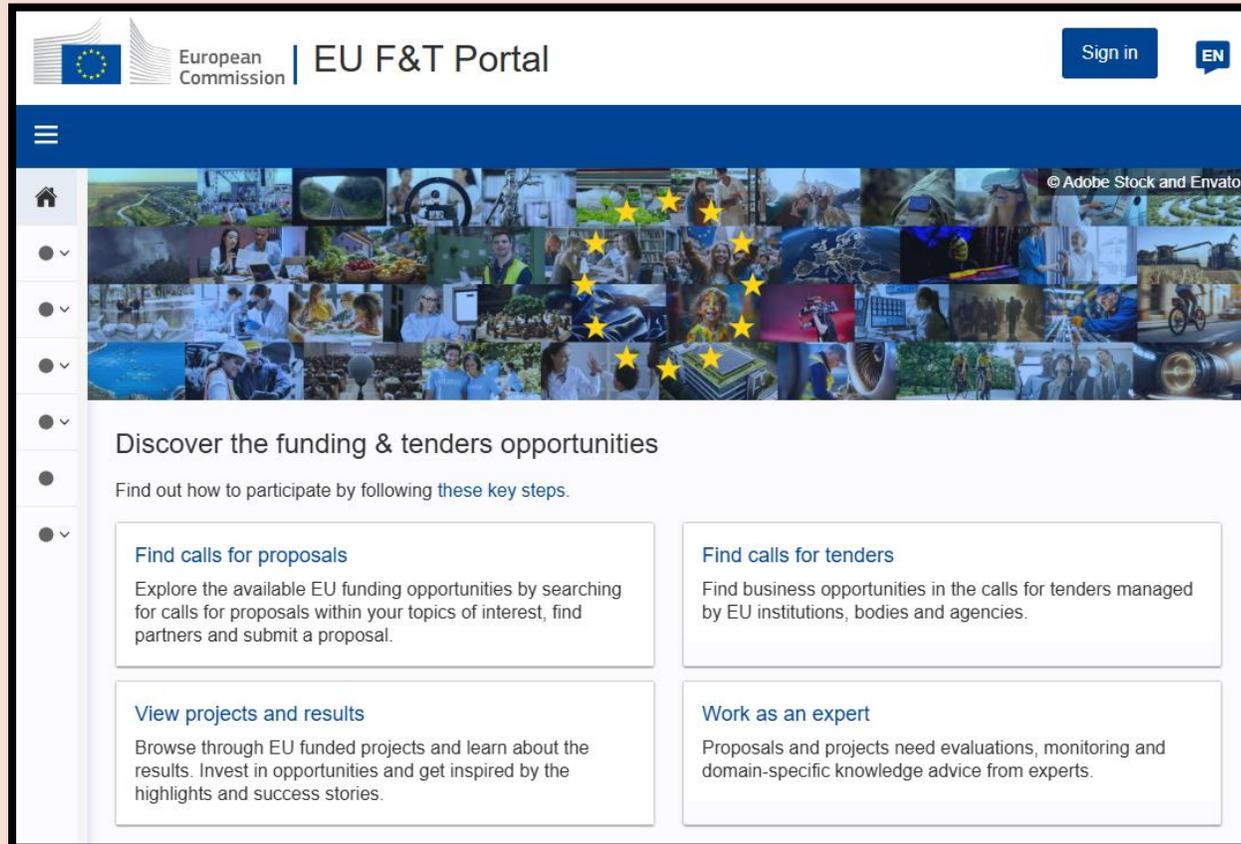

After the evaluation, the call coordinator will then fix an overall threshold, to limit the proposals that will be invited to stage 2. (This overall threshold will be set at a level which ensures that the total requested budget of proposals admitted to stage 2 is as close as possible to three times the available budget, and in any case, not less than 2.5 the available budget. The actual level will therefore depend on the volume of proposals received. The threshold is expected to normally be around 8 or 8.5.)

EXCELLENCE	IMPACT	IMPLEMENTATION
≥/5.00	≥/5.00	≥/5.00
50%	30%	20%

Template provided and available at
FTP, to be followed!

30 pages to convince Europe your Project is the best!
Template available at the Funding and Tenders Portal
Example: MSCA DN 2025

Part A – Administrative documentation

To be completed online in the Funding and Tenders Portal

Part B1 – technical proposal: 30 pages (PDF in english)

- # Excellence
- # Impact
- # Implementation

Part B2 - PDF, no page limits

- # Recruitment strategy
- # Network Organisation
- # Supervisory Board
- # Environmental aspects in light on the MSCA Green Charter
- # Participating Organisations
- # Letters of pre-agreements (for DN-JD)
- # Declaration on the use of AI

Award Criteria – Part B

1. Excellence

WHAT

What is the project about?

2. Impact

WHY

Why should we do the project?

What evidence do we collect and measure to demonstrate the project value?

3. Implementation

HOW

How to achieve the objectives?

What are the right questions to ask?

What are the aims of the project?

Who will use the results?

Why the European scale?

Why now?

What already exists?

Why is this a brilliant idea?

Why me?

Award Criteria – Part B (MSCA DN 2025)

1. Excellence #@REL-EVA-RE@# (starting on p.5)

1.1 Quality and pertinence of the project's research and innovation objectives (and the extent to which they are ambitious, and go beyond the state of the art)

Required sub-headings:

- Introduction, objectives and overview of the overall research programme.
- Individual Doctoral Candidate (DC) research projects.
- Pertinence and innovative aspects of the research programme (in light of the current state of the art and existing programmes / networks / doctoral research trainings).

1.2 Soundness of the proposed methodology (including interdisciplinary approaches, consideration of the gender dimension and other diversity aspects if relevant for the research project, and the quality and appropriateness of open science practices)

Required sub-headings:

- Overall methodology
- Integration of methods and disciplines to pursue the objectives
- Gender dimension and other diversity aspects
- Open science practices
-

1.3 Quality and credibility of the training programme (including transferable skills, inter/multidisciplinary, inter-sectoral and gender as well as other diversity aspects)

Required sub-headings:

- Overview and content structure of the doctoral training programme. (please include table 1).

1.4 Quality of the supervision (including mandatory joint supervision for industrial and joint doctorate projects)

Required sub-headings:

- Qualifications and supervision experience of supervisors.
- Quality of supervision for DN.
- Quality of the mandatory joint supervision arrangements for DN-ID and DN-JD.

2. Impact #@IMP-ACT-IA@#

2.1 Contribution to structuring doctoral training at the European level and to strengthening European innovation capacity, including the potential for:

- a) Meaningful contribution of the non-academic sector to the doctoral training, as appropriate to the implementation mode and research field
- b) Developing sustainable (=lasting) elements of doctoral programmes after the end of the DN funding

2.2 Credibility of the measures to enhance the career perspectives and employability of researchers and contribution to their skills development

- Impact of the research and training on the fellows' careers.

2.3 Suitability and quality of the measures to maximise expected outcomes and impacts, as set out in the dissemination and exploitation plan, including communication activities

#@COM-DIS-VIS-CDV@#

Required sub-headings:

- Plan for the dissemination and exploitation activities, including communication activities.
- Strategy for the management of intellectual property, foreseen protection measures.

Concrete plans for sections 2.3 must be included in the corresponding implementation tables.

#§COM-DIS-VIS-CDV§#

2.4 The magnitude and importance of the project's contribution to the expected scientific, societal and economic impacts (project's pathways towards impact)

Required sub-headings:

- Expected scientific impact(s);
- Expected economic/technological impact(s);
- Expected societal impact(s).

Award Criteria – Part B

3. Quality and Efficiency of the Implementation # @QUA-LIT-QL@ # @WRK-PLA-WP@ # @CON-SOR-CS@ # @PRJ-MGT-PM@

3.1 Quality and effectiveness of the work plan, assessment of risks and appropriateness of the effort assigned to work packages

Required sub-headings:

- Description of Work Packages (please include Table 3.1a)
- Deliverables List (please include table 3.1b);
- Milestones List (please include table 3.1c);
- DC table (please include Table 3.1d);
- Project risks (please include Table 3.e;
- For DN-JD, joint admission, selection, supervision, monitoring and assessment procedures (if not applicable, please remove).

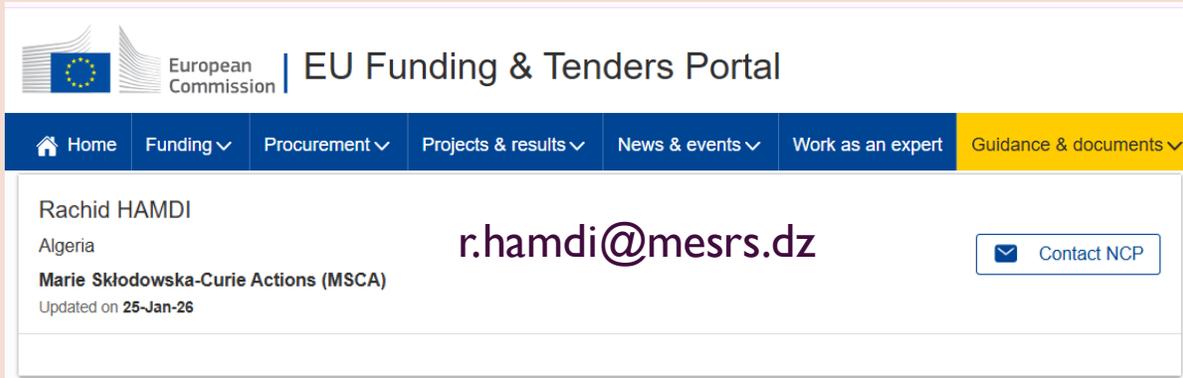

3.2 Quality, capacity and role of each participant, including hosting arrangements and extent to which the consortium as a whole brings together the necessary expertise

Required sub-headings:

- Appropriateness of the infrastructure and capacity of each participating organisation, as outlined in Section 6 (Participating Organisations), in light of the tasks allocated to them in the action;
- Consortium composition and exploitation of participating organisations' complementarities;
- Role of associated partners to the programme (please see also section 8);
- Funding of non-associated third countries (if applicable).

The screenshot shows the top of the European Commission website for Marie Skłodowska-Curie Actions. It features the European Commission logo, the title 'Marie Skłodowska-Curie Actions' with the tagline 'Developing talents, advancing research', and a navigation menu with items like Home, About MSCA, Actions, Funding, Jobs, Resources, What's new, Science is Wonderful, and 30 years of MSCA. A breadcrumb trail indicates 'You are here: Home'. The main content area has a dark blue box with the text 'Supporting excellence in research and innovation' and 'The Marie Skłodowska-Curie Actions are the European Union's reference programme for doctoral education and postdoctoral training.' Below this is a 'Discover the MSCA' button. The background includes a stylized portrait of Marie Curie and a Nobel Prize medal.

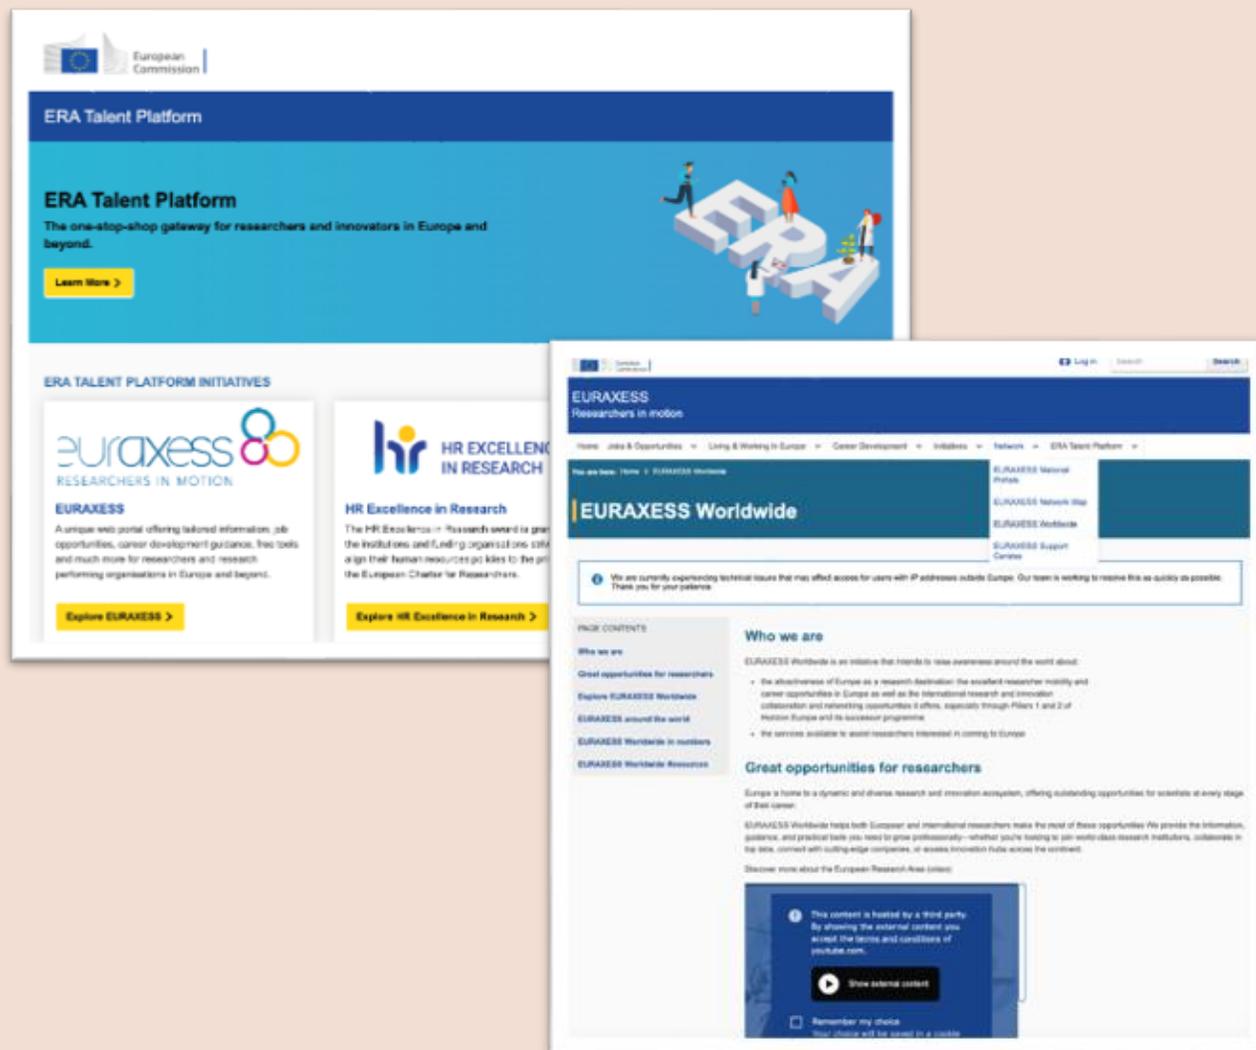

EUROPEAN COMMISSION MSCA WEBSITE

RESEARCH EXECUTIVE AGENCY WEBSITE

The screenshot shows the European Research Executive Agency website. It features the European Commission logo, a search bar, and the text 'European Research Executive Agency'. The navigation menu includes Home, Funding and grants, Guidance, Working for REA, About REA, News, and Events. A breadcrumb trail reads 'European Commission > European Research Executive Agency > Funding and grants > Horizon Europe: Marie Skłodowska-Curie Actions'. The main heading is 'Horizon Europe: Marie Skłodowska-Curie Actions'. Below this is a white box with the text 'Nobel Prizes awarded to former and current MSCA supervisors and researchers' and a 'Read more >' button. To the right is a gold Nobel Prize medal.

EURAXESS Worldwide: Objectives

Raise awareness around the world about:

1. Attractiveness of Europe as a research destination with focus on Horizon Europe:

- Excellent researcher mobility and career opportunities in Europe
- International research and innovation collaboration
- Networking opportunities

2. Services available to assist researchers interested in coming to Europe

The project contributes to the implementation of the EU's Global Approach to Research and Innovation.

Global Cooperation Policy Enhancement and Strategic Promotion

Strengthening Europe's position in international research collaboration through the Marie Skłodowska-Curie Actions programme across 20 countries and 6 regions

Three pillars of excellence

POLICY

Tracking progress & opportunities

Monitor participation trends and cooperation challenges in MSCA bilateral and bi-regional partnerships through quantitative and qualitative assessment.

PROMOTION

Strategic promotion

Coordinate with local information networks to ensure strategic, targeted and effective promotion of MSCA opportunities for institutions.

SYNERGIES

Strengthening synergies

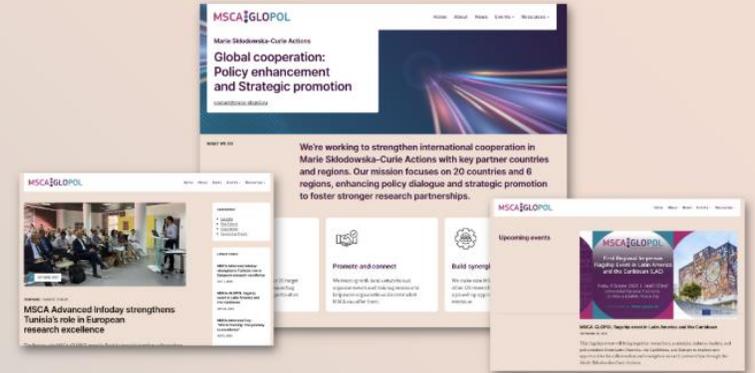

Align MSCA activities with other EU research and innovation initiatives for maximum impact.

Get involved with MSCA-GLOPOL

Whether you are a policymaker shaping research frameworks or an institution looking to strengthen global partnerships, MSCA-GLOPOL offers pathways to enhance your impact.

Connect with us to learn about upcoming training programmes, policy consultations, and networking opportunities that will define the future of international research collaboration.
